

IAS 2019

10TH IAS CONFERENCE ON HIV SCIENCE
Mexico City, Mexico 21-24 July 2019

**DIFFERENTIATED
SERVICE DELIVERY**

Differentiated Service Delivery roadmap to IAS 2019

SESSIONS

Sunday, 21 July

- 08h00-10h00 SUSA01 [“Sticky linkage”: Latest evidence and new strategies](#). *International AIDS Society*, Palacio de Iturbide 1 y 2
- 10h15-12h15 SUSA04 [Enabling differentiated and patient-center care using true point of care diagnostics](#). *Abbot*, Casa del Diezmo 3 y 4
- 17h00-19h00 SUSA24 [Differentiated service delivery for advanced HIV disease](#). *ICAP at Columbia University*, Casa Montejo 1

Monday, 22 July

- 07h00-08h30 MOSA02 [Innovating to the last mile: Differentiated service models for viremic clients](#). *University of Maryland Baltimore*, Casa del Diezmo 1 y 2
- 18h30-20h30 MOSA11 [Opportunity or threat: What is the implication of differentiated service delivery for TB/HIV services?](#) *ICAP at Columbia University*, Casa Montejo 1
- MOSA12 [Saving lives today: Accelerating access to diagnostics and therapeutics for advanced HIV disease](#). *Unitaid and CHAI*, Palacio de Iturbide 3

Tuesday, 23 July

- 13h00-14h00 TUPDB01 [Chasing waterfalls: Cascades of care](#) Track B Oral poster discussion
- [The “Failure Cascade” for patients with unsuppressed viral load in Zambia: Results from a large HIV treatment cohort](#)
R. Warrier, J.J. Pry, P. Elish et al.
- 18h30-20h30 TUSA05 [Breaking barriers: Innovative, differentiated services and self-care options for men](#) *Unitaid/WHO/Population Services International*, Casa Montejo 1

Wednesday, 24 July

- 11h00-12h30 WEAB01 [Same day ART, one size fits all?](#) Track B Oral abstract session
- [Same-day antiretroviral therapy initiation in Thailand: Different models and initial outcomes from scale-up in five provinces in Thailand](#)
P. Seekae, S. Amatavet, N. Teeratakulpisarn, et al.
- [Treatment outcome among patients on ART in Southern Tanzania: Does time of ART initiation matter?](#)
B. Msongole, J. Gamaliel, B. Christian, et al.
- 14h30-16h00 WEAC02 [Self-testing: Going the final mile](#) Track C Oral Abstract Session

SERVICE DELIVERY**

POSTERS

Late breakers

[The effect of a multicomponent differentiated service delivery model for Adolescents Living with HIV in Zimbabwe: the Zvandiri cluster-randomized trial](#)

W. Mavhu, N. Willis, J. Mufuka, et al.

[Twelve-month retention and viral load outcomes from a non-inferiority cluster randomized trial extending adherence club ART refill dispensing intervals to 6- monthly](#)

K. Lebelo, T. Cassidy, A. Grimsrud, et al.

[Viral load \(VL\) outcomes after early referral of stable HIV+ adults initiating antiretroviral therapy \(ART\) to community-based 'Adherence Clubs' in Cape Town, South Africa: A randomised controlled trial](#)

J. Odayar, J. Allerton, S. Kabanda, et al.

Differentiated ART delivery – stable

[Acceptability of point-of-care viral load testing to facilitate differentiated HIV care: A qualitative study amongst people living with HIV and healthcare workers in South Africa](#)

L. Msimango, A. Gibbs, H. Shoz, et al.

[Achieving 96% ARV collection compliance through innovative ATM technology](#)

S. Hendriksz

[Achieving HIV epidemic control in Zambia: Improving treatment and viral load monitoring coverage in Lusaka urban district through a 'Surge' campaign](#)

I. Sikazwe, T. Savory, M. Wa Mwanz, et al.

[Differentiated ART delivery for key populations: A systematic review](#)

B. Mathers, A. Verster, V. Macdonald, L. Mbuagbaw, M. Doherty, R. Baggaley

[Differentiated antiretroviral therapy delivery: A review of implementation progress and challenges in Zimbabwe](#)

V. Chitiyo, K. Webb, P. Nesara, et al.

[Differentiated Service Delivery \(DSD\) implementation fidelity: Improving coverage and quality of DSD ART delivery in Zimbabwe](#)

V. Chitiyo, K. Webb, T. Bepe, et al.

[Differentiated service delivery using a “community pharmacy art drug pickup” model: An evaluation from Lusaka, Zambia](#)

H.B. Mulenga, M. Mubiana, K. Kateule et al.

[Improved HIV treatment retention among patients enrolled in a differentiated care model at Kenya General Reference Hospital in Haut Katanga province of the Democratic Republic of the Congo](#)

D. Kamerhe, P. Kibwa Milenge, F. Monga, et al.

[Long-term virologic responses to antiretroviral therapy among patients entering adherence clubs in Khayelitsha, Cape Town, South Africa](#)

K. Kehoe, A. Boulle, J. Euvrard, et al.

IAS 2019

10TH IAS CONFERENCE ON HIV SCIENCE
Mexico City, Mexico 21-24 July 2019

**DIFFERENTIATED
SERVICE DELIVERY**

[Mobile client driven DSD: Strategies employed to support continuity of HIV treatment among mobile clients](#)

K. Masiye, V. Chitiyo, A. Shava, et al.

[Optimizing treatment models for people living with HIV in urban Zimbabwe: Findings from a mixed methods study](#)

M. Strauss, G. George, M. Mapingure et al.

[Perceptions of ART outreach services in the community among stable and expert HIV-positive clients: A qualitative focus group discussion from Tanzania](#)

B. Drezgic, C. Casalini, A. Mwakibete, et al.

[Retention in non-facility-based ART delivery models among stable ART patients in Lusaka, Zambia: Findings from the HPTN 071 \(PopART\) trial](#)

M. Limbada, D. Macleod, S. Fidler, et al.

Differentiated ART delivery - unstable

[Community Adherence Group \(CAG\) for HIV viremic patients: Early lessons learnt from Lusaka, Zambia](#)

D. Mwamba, M. Herce, M. Wa Mwanza, et al.

Differentiated ART delivery – ART initiation well

[A change package for facilitating rapid initiation of ART and early retention in care from a Quality Improvement Collaborative](#)

J. Murungu, B. Khabo, J. Mabuk, et al.

[Engagement in care and viral suppression 2 years after home-based same-day ART initiation in Lesotho: 24-months outcomes of CASCADE trial](#)

A. Amstutz, I. Ringera, J. Muhairwe, et al.

[Impact of a community-based antiretroviral therapy \(ART\) delivery program for female sex workers \(FSWs\) in Tanzania - Results of a quasi-experimental study](#)

L. Vu, W. Tun, L. Apicella, et al.

[Improving rapid ART initiation in Blantyre, Malawi, through implementation of a quality improvement collaborative](#)

G. Kawalazila¹, M. Enock, M.M. Jere, et al.

[Rapid initiation of ART through a Quality Improvement Collaborative in Zimbabwe](#)

J. Murungu, B. Agins, J. Bardfield, et al.

[Same day ART initiation: Retention into HIV care remains a challenge, a TASO Mbarara experience](#)

F. Tumuhairwe, A. Munina, R. Ayebazbwe

Differentiated ART delivery – ART initiation advanced HIV

[Implementation of integrated patient-centered care for women presenting late with advanced HIV disease in Nigeria](#)

O.B. Onokala, E. Ijezie, E. Nwabueze, et al.
