Results from the Mentimeter poll

Re-engagement strategies

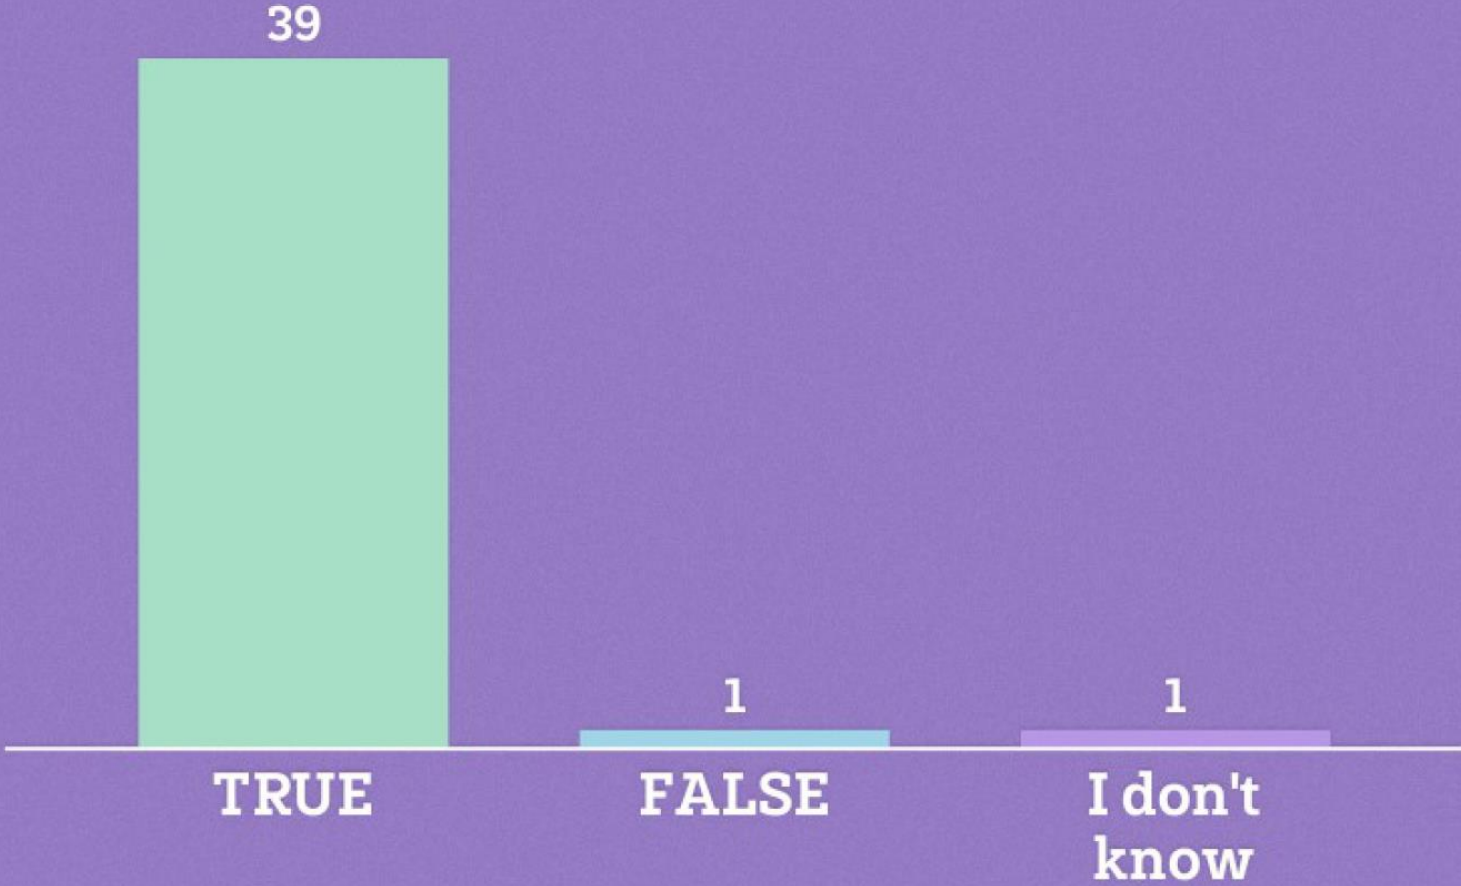

#IAS2019 | @IAS_CONFERENCE | WWW.IAS2019.ORG

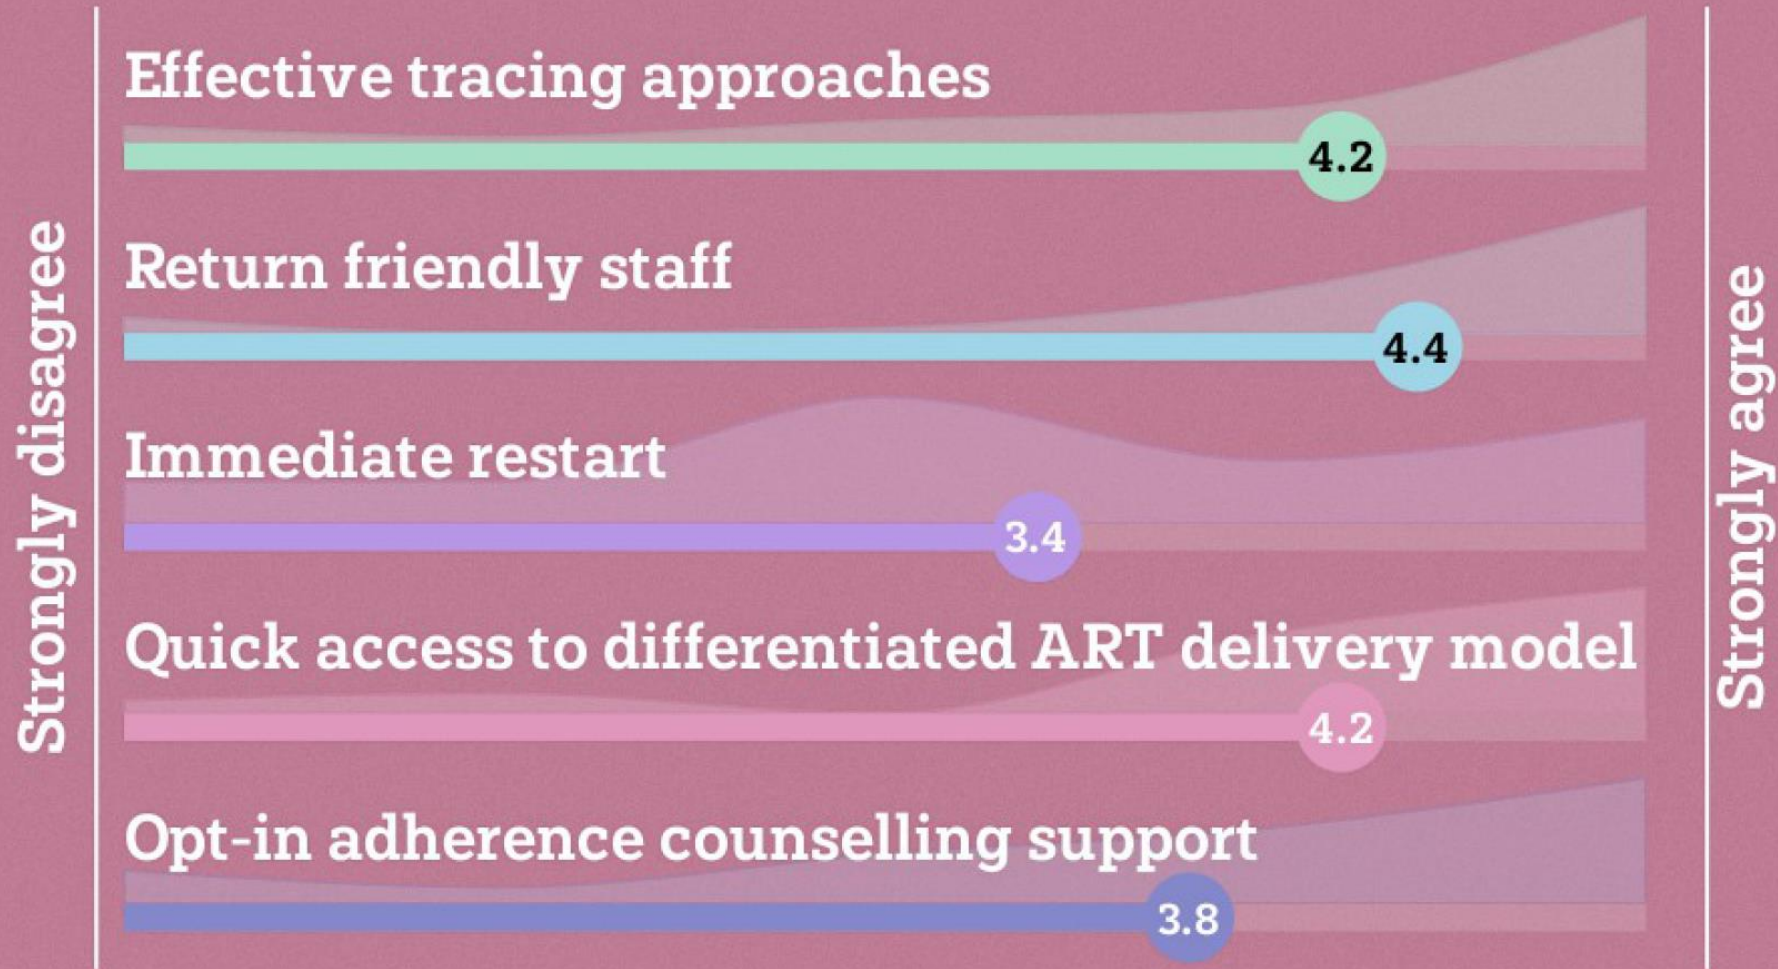

Re-engagement strategies include those that 1) encourage return (e.g. tracing) 2) support successful return (e.g. immediate restart)

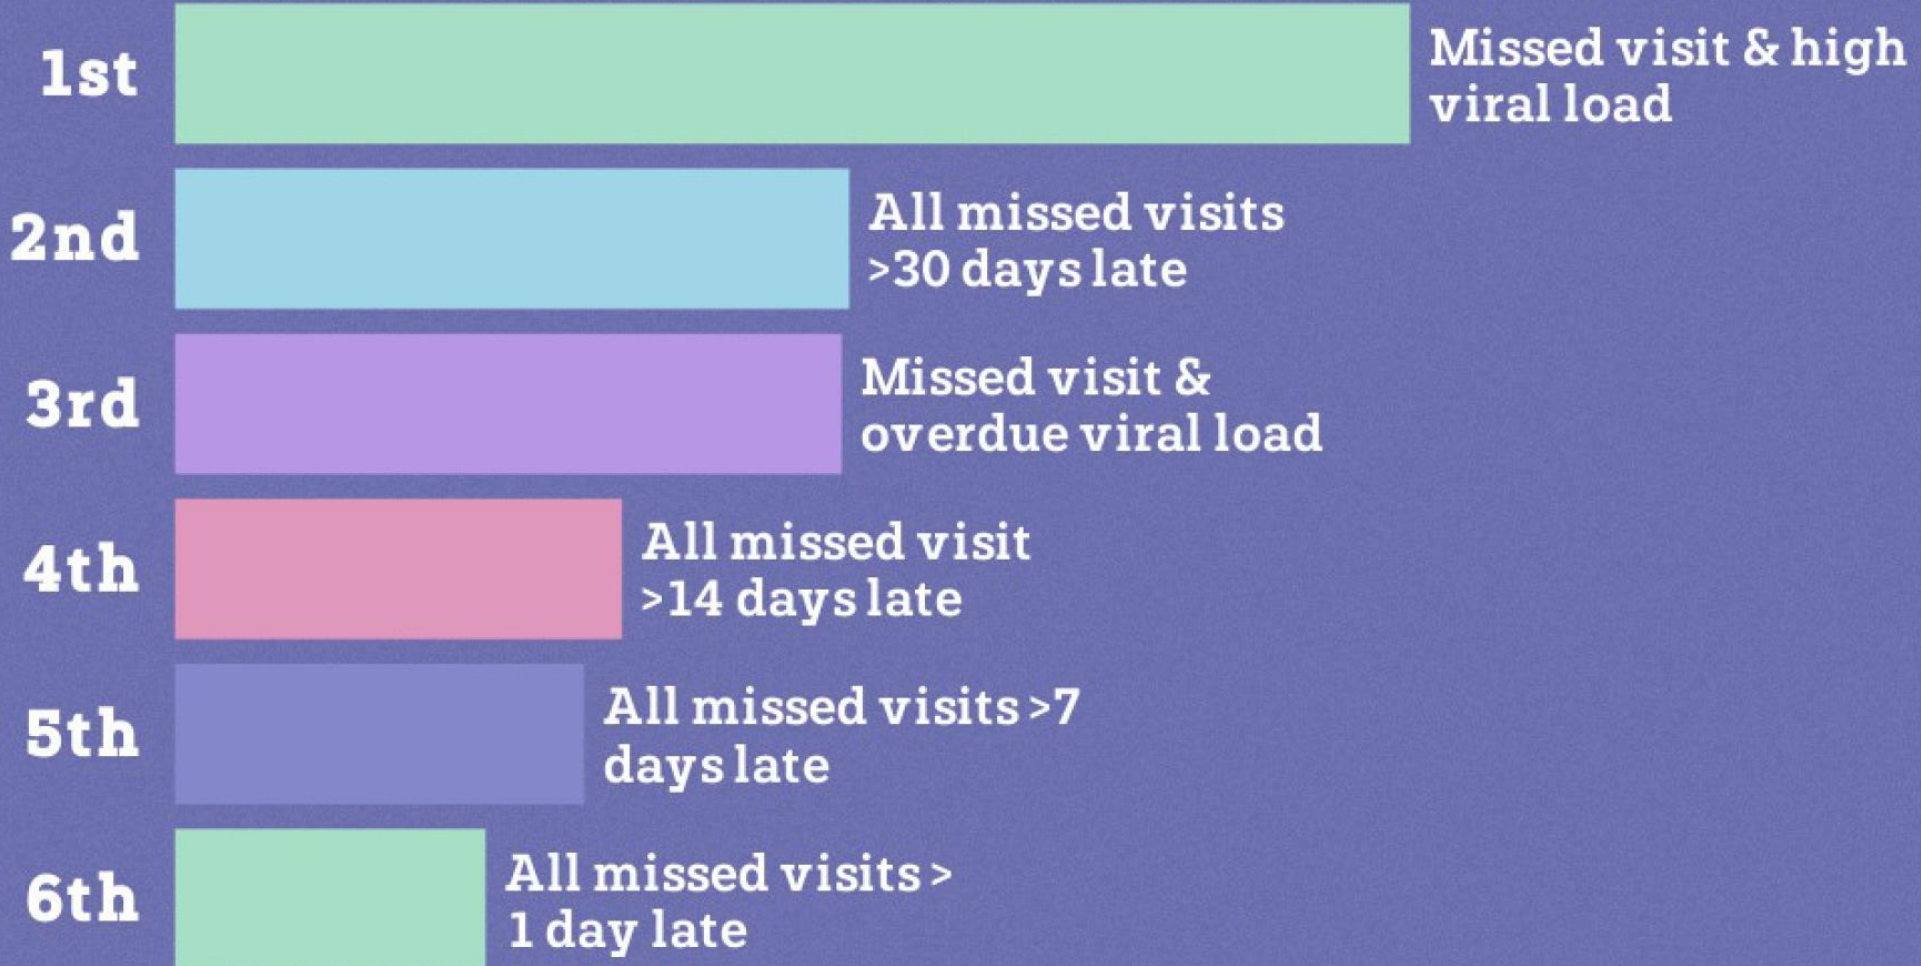

We should categorize (differentiate) clients based on their reasons for disengagement to provide appropriate re-engagement support

Priority re-engagement strategies

Who should be prioritized for tracing?

The best way to improve re-engagement is....
