Global Advocacy for HIV Prevention

**DIFFERENTIATED
SERVICE DELIVERY**

PrEP is evolving...

PrEP service delivery preferences are evolving too

Health clinic

Home

ONE-STEP PrEP®

One-Step PrEP®, founded in 2015, was the first pharmacy-led PrEP clinic in the country. As our patient, you will have one in-clinic visit every three months with a pharmacist provider at Kelley-Ross Pharmacy. This service is ideal for someone who lives in the greater Seattle area. However, this option is open to all patients.

Community pharmacies

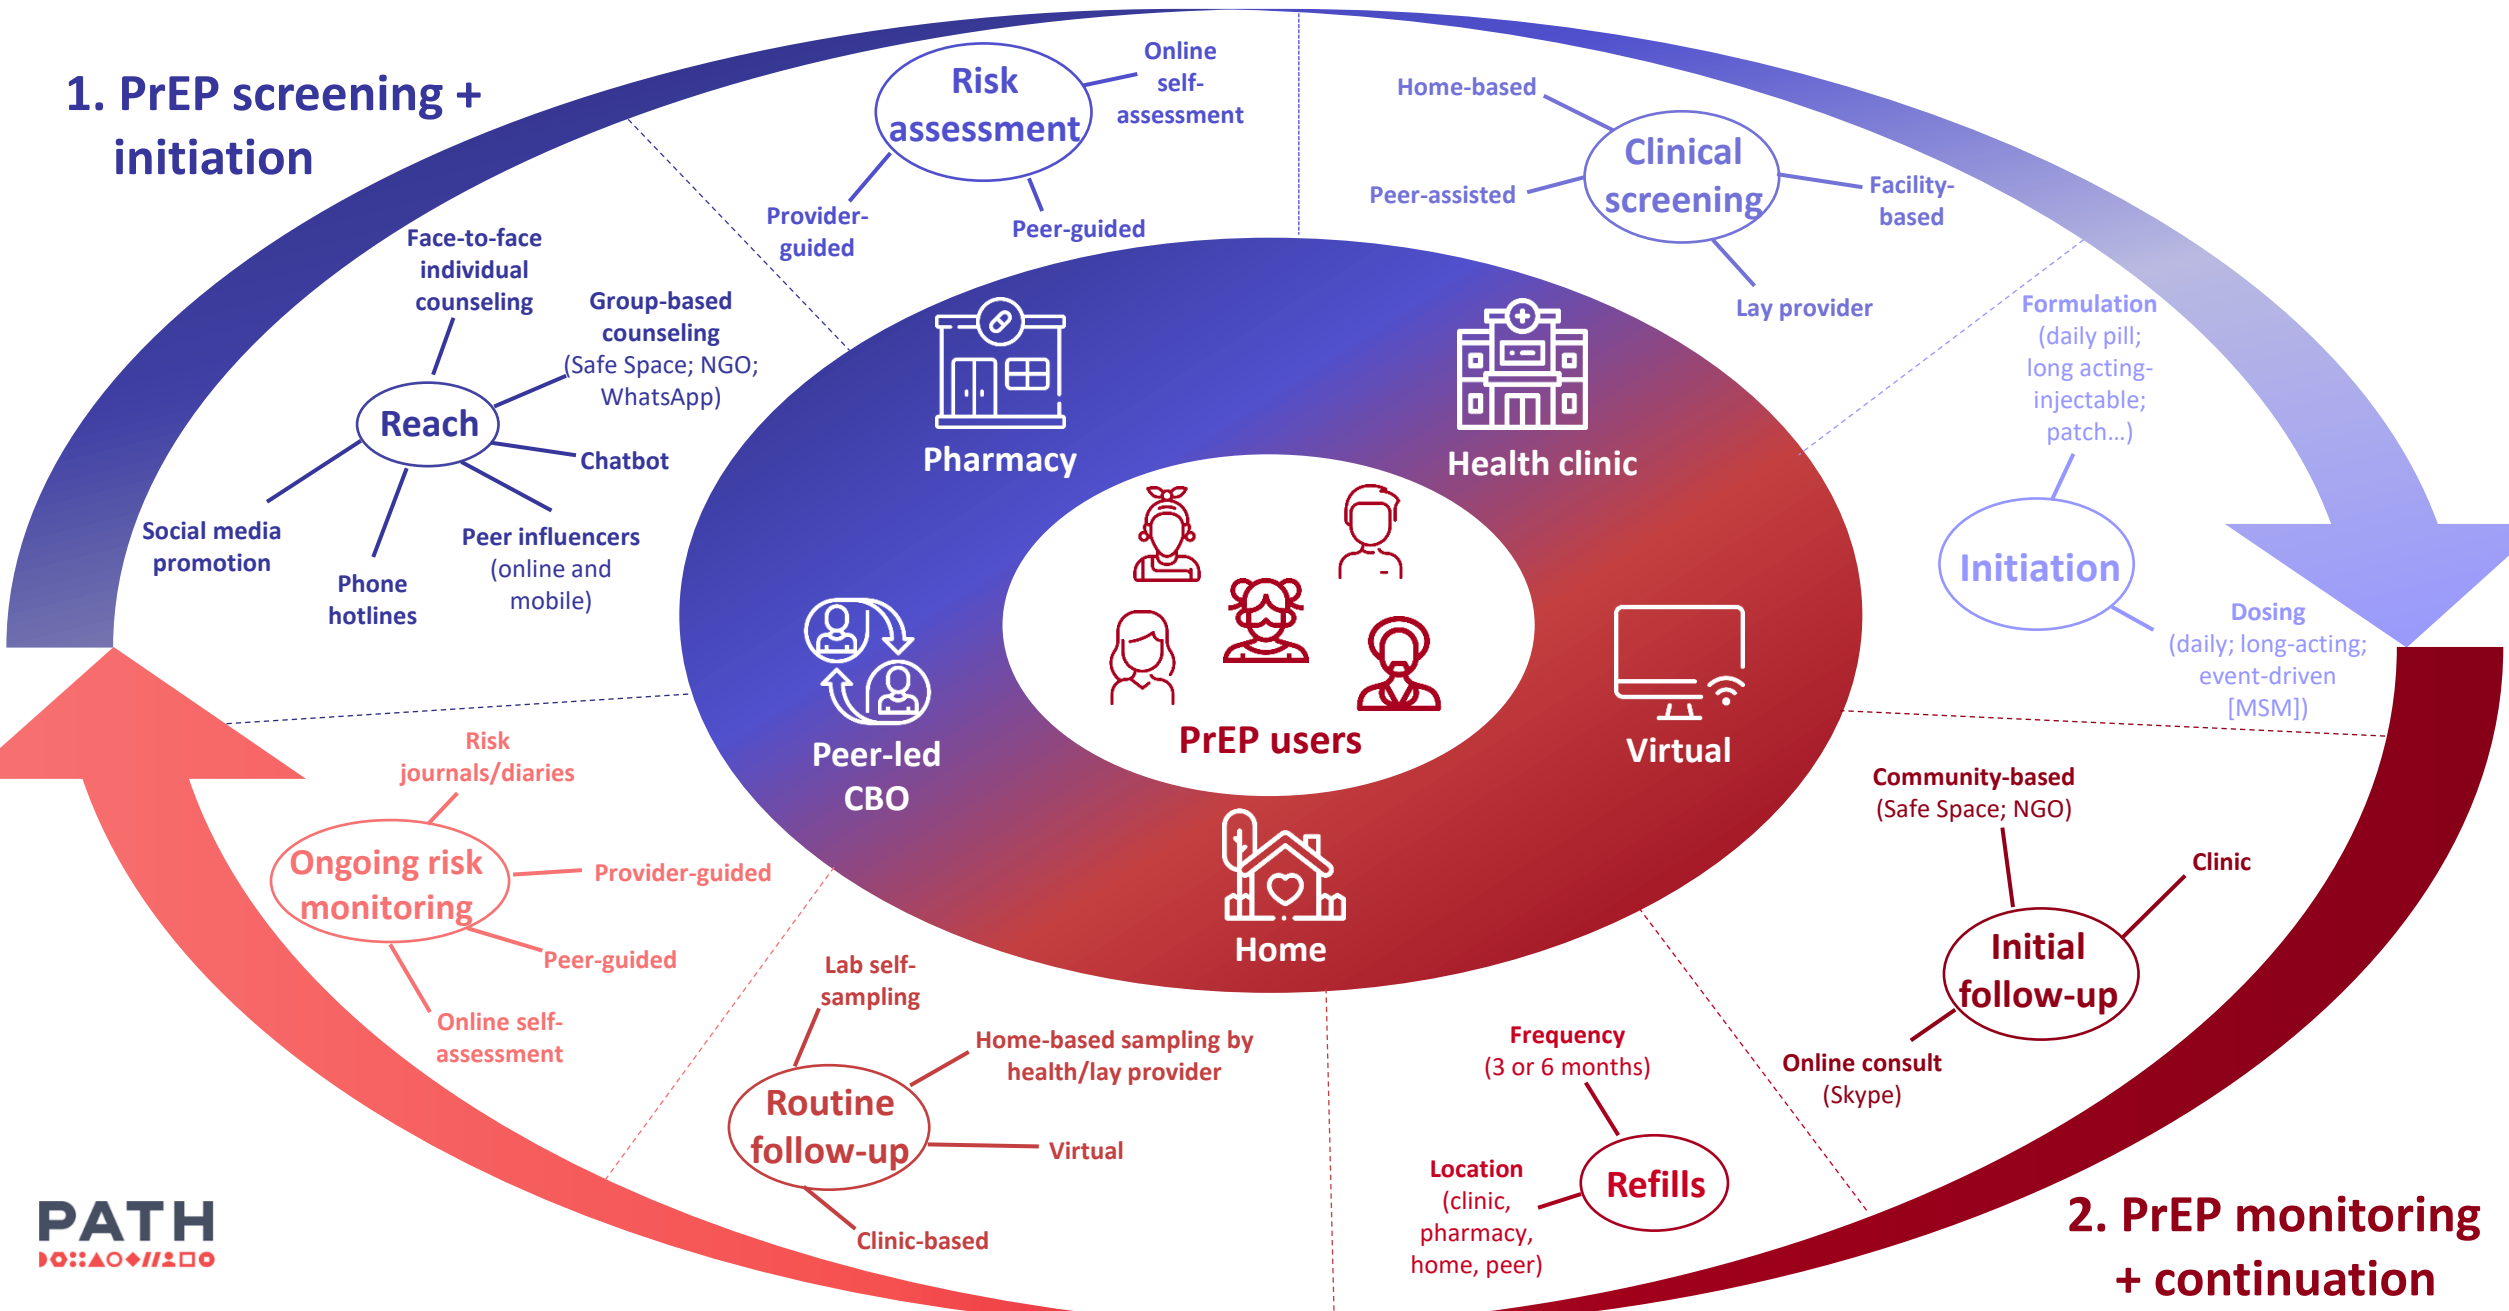

Peer-led

Virtual/Telehealth PrEP

Clients at the center, offering choice and simplifying options

Bringing PrEP closer to home: Why is now the time for differentiated PrEP? Part I ([on-demand session](#) – don't miss it!)
